

## **FISCAL NOTE**

TO: Chief Clerk of the Senate  
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 13, 1996

SUBJECT: **SB 2702 - HB 2706**

This bill, if enacted, will temporarily excuse children between 7 and 17 years of age, both inclusive, whose continued compulsory attendance, in the opinion of the board of education, in charge of the school to which such children belong and are enrolled, is not of substantial benefit to such children.

The fiscal impact from enactment of this bill is estimated to be a decrease in state expenditures and a corresponding decrease in local revenues, since a decline in overall enrollment will result in a lower generation of BEP funds. Also, it is estimated that local government expenditures will decrease as a result of not having to serve the student. The net fiscal effect from enactment of this bill is estimated to be not significant.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
